HOW TO USE WAITLISTING

Waitlisting allows you to request to be notified if a seat becomes available in a full class. Not every class offers waitlisting. Waitlist is prioritized first-come, first-served. There is a capacity to the total number of students who can be added to the waitlist. No student is automatically moved from the waitlist to enrolled status. Corequisites, prerequisites, and links for waitlisted courses still apply the same way as actively registering for classes. Waitlisted coursework cannot meet enrolled coursework requirements.

1. Click Add next to the full class which still has waitlist seats remaining
